BY THE COURT:

_____, JUDGE

REGARDING ALLEGATIONS OF ABUSE OR NEGLECT

Notice: Placement of your child in foster care may result in the termination of your parental rights to your child. Time is of the essence. Federal law requires a Permanency Planning Hearing be held within 12 months or sooner after your child is removed from your home. This hearing will determine what the permanency goal for your child will be: reunification with you, or adoption or guardianship with another adult. The court will also decide whether or not further time will be allowed for you to complete rehabilitative services. In order for more time to be granted, a compelling reason must be shown. If more time is granted, then a Petition to terminate parental rights still may be filed if and when your child has been placed out of your home more than 15 months of the past 22 months. However, the County Attorney or Guardian ad Litem may file a petition to terminate your parental rights at any time it is appropriate to do so.
